

The Village of Chimney Rock is requesting state designation of the Chimney Rock Village Boulders Trail, to be included as part of the Hickory Nut Gorge State Trail. The trail leaves from the Village-owned parking lot on Main St, Chimney Rock and currently terminates atop the “Grandview Boulder” as pictured below. The trail offers easy access from Main St, Chimney Rock with ample parking for roughly 100 cars, stunning views, a stair-stepped climb, wildflowers, rock climbing access, and creeks. The trailhead has a kiosk with a map and the trail is blazed with red blazes and warning signs of hazards. Public restrooms are available a few hundred feet away from the parking area.
